What's It All About?

Centri-Kid is the newest FUGE camp program for children who have completed 3rd through 5th grade. *Centri-Kid* is planned from the beginning to reach children with the message of Jesus Christ through every camp activity. *Centri-Kids* will enjoy a week of creative Bible study, exciting recreation, great worship, quiet times, church group devotions, all designed to present the basic foundations of the Christian life in a thorough, yet non-manipulative manner.

Who's there to help?

The Centri-Kid staff consists of highly trained college and seminary students from across the country-committed Christians who have a passion for ministering to children. The personal attention and daily interaction campers receive from the staff makes Centri-Kid distinct from many other children's camps. These leaders consider it an honor to serve children by teaching, equipping, and modeling Christ-likeness.

What else do you do there?

CAMPERS are greeted each morning with a high energy celebration, helping each child focus on the theme for the day and life application of God's Word. From there, campers choose from a variety of creative and exciting tracks that allow them the opportunity to develop their talent and interests.

THEN, each evening, there is a powerful, camp-wide worship that helps campers recognize and reflect on the Lord's presence throughout their day. AND, of course, there are plenty of opportunities for fellowships, recreation, and time to spend with others from your own church group.
